Bhalchandra Lawangare

Integration Architect | Technical Leader | ERP & Supply Chain | API & Event-Driven Platforms | Cloud & Legacy Modernization | 19+ Yrs | Open to India (GCC) & Remote (US/UK)

India

Summary

I am an Integration Architect and ERP Technical Leader with 19+ years modernizing enterprise systems, building scalable API-driven integrations, and leading ERP transformation initiatives for global clients. My expertise spans legacy system modernization (IBM i / AS400, DB2), API and microservices architecture (Java, Apache Camel, Quarkus, Node.js), ERP customization (IPTOR ERP / ASW / IBS), and cloud-native integrations (Docker, Azure, Kafka). I've led end-to-end modernization projects — from architecture design through Agile delivery — for a client base spanning logistics, pharma, and distribution across Europe, delivering 50+ enterprise integrations and cutting delivery timelines by ~30% through reusable integration patterns. Key skills: Integration Architecture | ERP Modernization | API Development | Cloud-Native Systems | IBM i (iSeries) Modernization | Agile Delivery | Supply Chain ERP Solutions. Open to Principal/Architect roles in India (including GCCs) and Senior Engineer / Integration Architect roles in the US/UK/EU and APAC (remote).

Experience

Wipro India (formerly Harman Connected Services Corp India Pvt. Ltd.)

14 years 7 months

Integration Architect | Technical Project Manager

July 2021 - Present (5 years 1 month)

Pune City

Client: IPTOR Supply Chain Systems, Sweden

- Own end-to-end architecture of ERP and third-party integrations for European customers across logistics, pharma, and distribution
- Design resilient, fault-tolerant integration flows with retry handling, idempotency, and observability
- Lead modernization of IBM i/DB2 ERP

platforms onto cloud-native services using Java, Apache Camel, and Azure Service Bus

- Provide architecture guidance, technical governance, and design reviews across enterprise implementations
- Led architecture and delivery for 50+ enterprise integration initiatives across ERP, warehousing, finance, and logistics
- Reduced delivery timelines and support overhead through reusable integration patterns
- Use AI-assisted engineering workflows (Copilot, Claude) to accelerate architecture analysis and technical documentation

Technical Team Lead – Product Development

January 2012 - June 2021 (9 years 6 months)

Pune City

Client: IPTOR Supply Chain Systems, Sweden

- Led architecture and technical delivery for enterprise integration initiatives across ERP, warehousing, finance, and logistics
- Established delivery governance and quality controls for the integration function
- Developed and delivered ERP integration components across distribution and warehousing modules

Opus Technologies

Senior Software Engineer

April 2010 - December 2011 (1 year 9 months)

Pune City

Client: Mohawk Industries, USA

At Mohawk Industries, I played a pivotal role as a Senior Software Engineer, focusing on enhancing the ERP system (CAMS) across various modules. My responsibilities included designing technical documents and collaborating with clients to gather essential requirements. I also reviewed peer designs and developed high-performance solutions to optimize system functionality.

Cognizant

Programming Analyst

April 2009 - March 2010 (1 year)

Pune City

Client: J.P. Morgan Chase (JPMC), UK

- Delivered solutions across Loan Origination, Deal Servicing, Syndication, and Secondary Sales modules.
- Analyzed, coded, tested, and deployed fixes in a high-volume environment.

- Developed performance monitoring tools for midrange AS/400 systems.

Bizgaine Technologies

Software Engineer

January 2007 - April 2009 (2 years 4 months)

Pune City

Client: IPTOR Supply Chain Systems, Sweden

- Developed and delivered complex enhancements and fixes for distribution and warehousing platforms.
- Built tools to reduce daily activities and improve development speed.

Education

Savitribai Phule Pune University

BSC, Computer Science · (2004 - 2006)

Poona College Of Arts Science & Commerce - India

HSC · (2002 - 2003)

St. Patrick's High School

SSC · (2000 - 2001)
